

New York Yacht Club Vanguard 15 Team Race Regatta

August 26-27

The Silver Panda team, with skippers Clay Bischoff, Colin Merrick and Pete Levesque, dominated the competition at the New York Yacht Club Vanguard 15 Team Race Regatta held on Saturday and Sunday, August 26-27. Two hundred and forty-one races were run over the weekend with eighteen three-boat teams competing in the head-to-head team race format.

All eighteen teams sailed a complete round robin on Saturday. The top ten teams moved on to the Gold division on Sunday, while the lower eight teams were relegated to the Silver division. After another round robin within their respective divisions, the top six teams from the Gold division then sailed a final round robin to determine the winner.

Silver Panda had a 30-1 record over the course of the weekend and were undefeated in the two Gold round robins. The other members of the six-person team were crews Lisa Keith, Amanda Callahan and Liz Hall.
